Melodie von John Lennon: Imagine

Imagine there"s no Windows, It"s easy if you try. No fattal errors or new bugs To kill your hard drives. Imagine Mr. Bill Gates Leaving us in peace! Imagine neverending hard disks, It isn"t hard to do. Nothing to del or wipe off And no floppy too Imagine Mr. Bill Gates Sharing all his money. You may say I'm a hacker, But I'm not the only one. I hope someday you"ll join us And your games will fit in RAM Imagine 1-Giga RAM I wonder if you can. No need for left-shifts or setups And no booting again and again. Imagine all the systems Working all life-time! You may say I"m a hacker, But I'm not the only one. Maybe someday I"ll be a cracker And then I"ll make Windows run.
